

Gillotts School

2020/21 Child Protection and Safeguarding Policy
Consistent with Keeping Children Safe in Education 2020

Agreed and ratified by Governing Body on 13 October 2020.

The policy must be reviewed and updated at least annually and/or following any updates to national and local guidance and procedures.

Gillotts School recognises its responsibility for safeguarding and child protection.

1. Introduction

This policy has been developed in accordance with the principles established by the Children Act 1989; and in line with the following:

- “Keeping Children Safe in Education 2020”
- “Working Together to Safeguard Children 2019”
- Oxfordshire Safeguarding Children Board guidelines

At Gillotts School our Governing Body takes seriously its responsibility under Section 11 of the Children Act and duties under “Working Together to Safeguard Children 2019” to safeguard and promote the welfare of children; to work together with other agencies to ensure adequate arrangements exist within our setting to identify and support those children who are suffering harm or are likely to suffer harm.

We recognise that all our staff and governors have a full and active part to play in protecting our pupils from harm, and that the child’s welfare is our paramount concern.

Our school should provide a safe, caring, positive and stimulating environment that promotes the social, physical and moral development of the individual child free from discrimination or bullying where children can learn and develop happily.

This policy applies to all our staff, governors and volunteers working in our school.

This policy has been written in line with Keeping Children Safe in Education 2020.

This policy should be read alongside KCSIE 2020.

All staff will sign to confirm they have read and understood this policy.

2. Policy statement

We recognise our moral and statutory responsibility to safeguard and promote the welfare of all children.

We make every effort to provide a safe and welcoming environment underpinned by a culture of openness where both children and adults feel secure, able to talk and believe that they are being listened to.

We maintain an attitude of ‘it could happen here’ where safeguarding is concerned.

The purpose of this policy is to provide staff, volunteers and governors with the framework they need to keep children safe and secure in our school and to inform parents and guardians how we will safeguard their children whilst they are in our care.

3. Definitions

Safeguarding and promoting the welfare of children is defined for the purposes of this guidance as:

- protecting children from maltreatment;
- preventing impairment of children’s mental and physical health or development;
- ensuring that children grow up in circumstances consistent with the provision of safe and effective care; and
- taking action to enable all children to have the best outcomes.

Child protection is an aspect of safeguarding but is focused on how we respond to children who have been significantly harmed or are at risk of significant harm.

The term **staff** applies to all those working for or on behalf of the school, full time or part time, in either a paid or voluntary capacity. This also includes parents and governors.

Child refers to all young people who have not yet reached their 18th birthday. On the whole, this will apply to all pupils of our school; however, the policy will extend to visiting children and students from other establishments.

Parent refers to birth parents and other adults in a parenting role for example, adoptive parents, step parents, guardians and foster carers.

Abuse could mean neglect, physical, emotional or sexual abuse or any combination of these. Parents, carers and other people can harm children either by direct acts and/ or failure to provide proper care. Explanations of these are given within the procedure document.

DSL refers to Designated Safeguarding Lead.

DDSL refers to Deputy Designated Safeguarding Lead.

OSCB refers to Oxfordshire Children Safeguarding Board.

LCSS refers to Locality Community Support Service.

MASH refers to Multi Agency Safeguarding Hub.

DO refers to the Designated Officer, also referred to as Local Authority Designated Officer (LADO)

4. Aims

The aims of these procedures are:

- To provide staff with the framework to promote and safeguard the wellbeing of children and in so doing ensure they meet their statutory responsibilities.
- To ensure consistent good practice across the school.
- To demonstrate our commitment to protecting children.

5. Principles and values

Children have a right to feel secure and cannot learn effectively unless they do so.

All children have a right to be protected from harm.

All staff have a key role in prevention of harm and an equal responsibility to act on any suspicion or disclosure that may indicate a child is at risk of harm, either in the school or in the community, taking into account *contextual safeguarding*, (Annex 6) in accordance with the guidance.

We acknowledge that working in partnership with other agencies protects children and reduces risk and so we will engage in partnership working throughout the child protection process to safeguard children.

Whilst the school will work openly with parents as far as possible, it reserves the right to contact Children's Social Care or the police, without notifying parents if this is believed to be in the child's best interests.

We will always act in the best interests of the child and ensure that our decisions around safeguarding take a child-centred and coordinated approach.

6. Leadership and Management

We recognise that staff anxiety around child protection can compromise good practice and so have established clear lines of accountability, training and advice to support the process and individual staff.

In this school, any individual can contact the Designated Safeguarding Lead (DSL) or the Deputy (DDSL) if they have concerns about a young person.

Our Headteacher takes overall responsibility for safeguarding, ensuring the DSL and the DSL team are fulfilling their role.

There is a nominated safeguarding governor, Karen Edwards, who will take leadership responsibility for safeguarding. The Chair of Governors, David Gorsuch, will receive reports of allegations against the headteacher and act on the behalf of the governing body.

As an employer we follow safer recruitment guidance as set out in KCSIE 2020

7. Record keeping

- Staff will record any welfare concerns that they have about a pupil in writing (including by email) and pass them without delay to the DSL. Records will be completed as soon as possible after the incident/event, using the child's words and facts and, if handwritten, will be signed and dated by the member of staff.
- All safeguarding concerns, discussions and decisions (and justifications for those decisions) will be recorded in writing. If members of staff are in any doubt about recording requirements, they should discuss their concerns with the DSL.
- Safeguarding records are kept for individual children and are maintained separately from all other records relating to the child in the school. Safeguarding records are kept in accordance with General Data Protection Regulations (GDPR) and our own school GDPR policy and are retained centrally and securely by the DSL. Safeguarding records are shared with staff on a 'need to know' basis only.
- All safeguarding records will be transferred in accordance with GDPR to the child's subsequent school/setting, under confidential and separate cover. These will be given to the new DSL and a receipt of delivery will be obtained.
- Detailed guidance on Record Keeping is found in a separate document "Guidelines for Safeguarding Record Keeping in Schools".
- The Headteacher will be kept informed of any significant issues by the DSL, if they are not the DSL.

8. Confidentiality and information sharing

- Gillotts School recognises that all matters relating to child protection are confidential. The Headteacher or DSL will only disclose information about a pupil to other members of staff on a 'need to know' basis.
- All members of staff must be aware that whilst they have duties to keep any information confidential, they also have a professional responsibility to share information with other agencies to safeguard children.
- All staff must be aware that they cannot promise a child they will keep secrets which might compromise the child's safety or wellbeing.
- There is a lawful basis for child protection concerns to be shared with agencies who have a statutory duty for child protection.
- Governing bodies and proprietors should ensure relevant staff have due regard to the relevant data protection principles, which allow them to share (and withhold) personal information, as provided for in the Data Protection Act 2018 and the GDPR.

- DfE Guidance on Information Sharing (July 2018) provides further detail.
<https://www.gov.uk/government/publications/safeguarding-practitioners-information-sharing-advice>
- OSCB provides advice on the Seven Golden Rules of Information Sharing
<https://www.oscb.org.uk/wp-content/uploads/2019/07/The-Seven-Golden-Rules-for-Info-Sharing.pdf>
- Guidance to support schools with Data protection activity, including compliance with GDPR
[Data Protection Tool Kit](#)

9. Training

All staff in our school are expected to be aware of the signs and symptoms of abuse and must be able to respond appropriately.

Our DSL undergoes training to provide them with the knowledge and skills required to carry out their role. Our DSL and any members of our DSL team undergo their DSL training every two years through the OSCB to enable them to fulfil their role.

Training is provided for all staff to a generalist level every three years; updates around safeguarding are shared with staff regularly.

Separate training is provided to all new staff on appointment as part of their induction process.

Any update in national or local guidance will be shared with all staff in briefings and then captured in the next whole school training. This policy will be updated during the year to reflect any changes brought about by new guidance.

10. Safeguarding children with Special Educational Needs and disabilities

Gillotts School acknowledges that children with special educational needs (SEN) and disabilities can face additional safeguarding challenges as they may have an impaired capacity to resist or avoid abuse.

Gillotts School will ensure that children with SEN and disabilities, specifically those with communication difficulties, will be supported to ensure that their voice is heard and acted upon.

Members of staff are encouraged to be aware that children with SEN and disabilities can be disproportionately impacted by safeguarding concerns such as bullying. All members of staff will be encouraged to appropriately explore possible indicators of abuse such as behaviour/mood change or injuries and not to assume that they are related to the child's disability and be aware that children with SEN and disabilities may not always outwardly display indicators of abuse.

11. Reporting and referring concerns

KCSIE 2020 states: "No single practitioner can have a full picture of a child's needs and circumstances. If children and families are to receive the right help at the right time, **everyone** who comes into contact with them has a role to play in identifying concerns, sharing information and taking prompt action."

In our school we recognise the importance of sharing information and reporting concerns to help ensure children are protected.

The following procedures apply to all staff working in the school and will be covered by training to enable staff to understand their role and responsibility.

The aim of our procedures is to provide a robust framework which enables staff to take appropriate action when they are concerned that a child is being harmed or is at risk of harm.

The prime concern at all stages must be the interests and safety of the child. Where there is a conflict of interest between the child and an adult, the interests of the child must be paramount.

All staff are aware that very young children with those with disabilities, special needs or with language delay may be more likely to communicate concerns with behaviours rather than words. Additionally, staff will question the cause of knocks and bumps in children who have limited mobility which will include children visiting the site as well as those who are pupils.

If a member of staff suspects abuse, spots signs or indicators of abuse, mental health concerns or they have a disclosure of abuse made to them they must:

1. Make an initial record of the information, either on paper or electronically
2. Report it to the DSL immediately.
3. The DSL will consider if there is a requirement for immediate medical intervention; however urgent medical attention should not be delayed if the DSL is not immediately available.
4. Make an accurate factual record as soon as possible and within 24 hours of the occurrence, of all that has happened, including details of:
 - Dates and times of their observations
 - Dates and times of any discussions in which they were involved
 - Any injuries
 - Explanations given by the child/ adult
 - What action was taken
 - Any actual words or phrases used by the child
 - Any questions the staff member asked (remembering not to ask any leading questions)

The records must be signed and dated by the author (or equivalent on electronic based records).

5. In the absence of the DSL or their Deputy, be prepared to refer directly to Children's Social Care (and the police if appropriate), if there is the potential for immediate significant harm or to carry out a no names consultation with LCSS, if appropriate.

Following a report of concerns, the DSL must:

1. Decide whether there are sufficient grounds for suspecting significant harm, in which case a referral must be made to Children's Social Care and the police if it is appropriate. The rationale for this decision should be recorded by the DSL.
2. Normally the school should try to discuss any concerns about a child's welfare with the family and where possible, seek their agreement before making a referral to Children's Social Care. However, in accordance with DfE guidance, this should only be done when it will not place the child at increased risk or could impact a police investigation. Where there are doubts or reservations about involving the child's family, the DSL should clarify with Children's Social Care or the police whether the parents should be told about the referral and, if so, when and by whom. This is important in cases where the police may need to conduct a criminal investigation. The child's views should also be taken into account.
3. If there are grounds to suspect a child is suffering, or is likely to suffer, significant harm the DSL (or Deputy) must contact Children's Social Care via MASH, sharing:
 - i. the known facts
 - ii. any suspicions or allegations
 - iii. whether or not there has been any contact with the child's family.

The MASH can be contacted by phone on **0345 050 7666**.

4. If a child is in immediate danger and urgent protective action is required, the police must be called. The DSL must then notify Children's Social Care of the occurrence and what action has been taken.

5. When a pupil needs *urgent* medical attention and there is suspicion of parental abuse causing the medical need, the DSL or their Deputy should seek immediate advice from the MASH about informing the parents, remembering that parents should normally be informed if a child requires urgent hospital attention. However, as in all cases, if it is felt this could put the child more at risk then all action should be taken in the best interests of the child.
6. If there is not considered to be a risk of significant harm, the DSL will either actively monitor the situation, consider the Early Help process or contact the LCSS for a no names consultation.

All contact details are in ANNEX 8.

12. Multi-agency working

Gillotts School recognises and is committed to its responsibility to work with other professionals and agencies in line with statutory guidance.

Schools are not the investigating agency when there are child protection concerns. We will, however, contribute to the investigation and assessment processes as required. Gillotts School recognises the importance of multi-agency working and will support attendance at relevant safeguarding meetings, including Child Protection Conferences, Core Groups, Strategy Meetings, Child in Need meetings or other early help multi-agency meetings.

- The School Leadership Team and DSL will work to establish strong and co-operative relationships with relevant professionals in other agencies.

13. Safer recruitment

- Gillotts School is committed to ensuring the development of a safe culture and that all steps are taken to recruit staff and volunteers who are safe to work with our pupils and staff.
- The Governing Body and Leadership Team are responsible for ensuring that the school follows safe recruitment processes outlined within guidance.
- Gillotts School is responsible for ensuring that the school maintains an accurate Single Central Record (SCR) in line with statutory guidance.
- The Governing Body will ensure that at least one of the people who conducts a recruitment interview has completed safer recruitment training.
- We are also committed to supporting the statutory guidance from the Department for Education on the application of the Childcare (Disqualification) Regulations 2009 and related obligations under the Childcare Act 2006 in schools.
- We advise all staff to disclose any reason that may affect their suitability to work with children, including convictions, cautions, court orders, reprimands and warnings.

14. Allegations against staff or volunteers

This procedure should be used in all cases in which it is alleged a member of staff or volunteer in a school, or another adult who works with children has:

- behaved in a way that has harmed a child, or may have harmed a child;
- possibly committed a criminal offence against or related to a child;

- behaved towards a child or children in a way that indicates he or she would pose a risk of harm to children; or
- behaved or may have behaved in a way that indicates they may not be suitable to work with children.

In dealing with allegations or concerns against an adult, staff must:

- Report any concerns about the conduct of any member of staff or volunteer to the headteacher as soon as possible.
- If an allegation is made against the headteacher, the concerns need to be raised with the Chair of Governor as soon as possible. If the Chair of Governors is not available, then the Designated Officer for Oxfordshire should be contacted directly.
- Whilst schools and colleges are not the employer of supply teachers, they should ensure allegations are dealt with properly. In no circumstances should a school or college decide to cease to use a supply teacher due to safeguarding concerns, without finding out the facts and liaising with the local authority designated officer (LADO) to determine a suitable outcome.
- There may be situations when the headteacher or Chair of Governors will want to involve the police immediately, for example, if the person is deemed to be an immediate risk to children or there is evidence of a possible criminal offence.
- Once an allegation has been received by the headteacher or Chair of Governors, they will contact the LADO on 01865 810603 or lado.safeguardingchildren@oxfordshire.gov.uk as soon as possible and before carrying out any investigation into the allegation other than preliminary enquiries.

In liaison with the LADO, the school will determine how to proceed and if necessary, a referral will be made to the MASH and/or the police.

The named Designated Officer (LADO) for Oxfordshire County Council is Alison Beasley.

The Designated Officer or a member of the team, will assess the information provided and advise on next steps, in line with KCSIE 2020 part 4, and Oxfordshire County Council's Designated Officers' local procedures.

15. Whistleblowing in a safeguarding context

While the school has a separate whistleblowing policy, this is a summary that outlines the process when there is a concern that safeguarding issues have not been reported or followed correctly.

This does not replace the whistleblowing policy and should be read in conjunction with the school policy.

Whistleblowing is a term that is used when staff want to report a concern within their organisation that involves their manager or a person senior to them in the organisation which may prevent them from following the normal reporting systems.

There are a limited number of areas that can be called Whistleblowing, and the policy protects staff from being punished for raising concerns.

Within Gillotts School, the headteacher, Catharine Darnton, is the senior manager and responsible for all staff. If you are concerned that any member of staff within the school is not following safeguarding processes or behaving in a way that is placing children at risk, you should, in the first place, make the headteacher aware.

If your concern is about the headteacher, you should raise this with David Gorsuch our Chair of Governors by emailing gbchair@gillotts.org.uk.

If you would prefer to raise your concerns outside of the school, then you are able to contact the NSPCC whistleblowing line on 0800 028 0285 or email help@nspcc.org.uk for national organisations or make contact with Oxfordshire County Council.

If you believe that a member of the school staff is harming a child (an allegation) and this has been reported to the headteacher and no/ insufficient action has been taken, or the member of staff you have concerns about is the headteacher, then you are able to contact the Designated Officers team (LADO) on 01865 810603 or email lado.safeguardingchildren@oxfordshire.gov.uk

If you believe that a child is being abused by individuals outside the school, you can make a referral to Children's Social Care by calling the MASH on : **0345 050 7666** (office hours) or **08450 507666** (outside of office hours).

Further guidance for staff can be accessed through:

<https://www.gov.uk/government/publications/what-to-do-if-youre-worried-a-child-is-being-abused--2>
and through the NSPCC website <https://www.nspcc.org.uk/what-is-child-abuse/types-of-abuse/>

16. Preventing radicalisation

All of our staff will undergo online Prevent Awareness training as part of their generalist safeguarding training to support them in identifying radicalisation and in understanding what steps they need to take to protect the children and families in our school.

This package offers an introduction to the Prevent duty and explains how it aims to safeguard vulnerable people from being radicalised, supporting terrorism or becoming terrorists themselves.

<http://www.elearning.prevent.homeoffice.gov.uk>

Prevent Referrals - This package builds on the Prevent awareness eLearning training. It is designed to make sure that when we share a concern that a vulnerable individual may be being radicalised, that the referral is robust, informed and with good intention, and that the response to that concern is considered, and proportionate.

<https://www.elearning.prevent.homeoffice.gov.uk/preventreferrals>

Channel Awareness - This training package is for anyone who may be asked to contribute to, sit on, or even run a Channel Panel. It is aimed at all levels, from a professional asked to input and attend for the first time, to a member of staff new to their role and organising a panel meeting.

<https://www.elearning.prevent.homeoffice.gov.uk/channelawareness>

OSCB guidance on PREVENT can be found at:

<https://www.oscb.org.uk/safeguarding-themes/prevent/>

17. Related Safeguarding Policies

This policy should be read in conjunction with the policies as listed below:

- Behaviour for Learning, linked to the Use of Physical Intervention
- E-safety
- Anti-Bullying
- Data Protection
- Relationship & sex education
- Health and Safety
- Attendance
- Risk Assessments (e.g. school trips, use of technology)
- Staff Code of Conduct Policy (including Acceptable Use of IT)
- Safer Recruitment
- Whistleblowing

18. Policy review

As a school, we review this policy at least annually in line with DfE, OSCB and OCC requirements and other relevant statutory guidance.

Date approved by governing body: 13 October 2020

ANNEX I

Roles and Responsibilities within Gillotts School

1) Staff responsibilities

All staff have a key role to play in identifying concerns early and in providing help for children. To achieve this, they will:

- Establish and maintain an environment where children feel secure, are encouraged to talk and are listened to.
- Ensure children know that there are adults in the school who they can approach if they are worried or have concerns.
- Plan opportunities within the curriculum for children to develop the skills they need to recognise, assess and manage risk appropriately and keep themselves safe.
- Attend training in order to be aware of and alert to the signs of abuse.
- Maintain an attitude of “it could happen here” with regards to safeguarding.
- Record their concerns if they are worried that a child is being abused and report these to the DSL as soon as practical that day. If the DSL is not contactable immediately a DDSL should be informed.
- Be prepared to refer directly to Social Care, and the police if appropriate, if there is a risk of significant harm and the DSL or DDSL is not available.
- Follow the allegations procedures, as set out in this policy and KCSIE 2020, if the disclosure is an allegation against a member of staff.
- Follow the procedures set out by the Oxfordshire Safeguarding Children Board (OSCB) and take account of guidance issued by the DfE.
- Support pupils in line with their child protection plan.
- Treat information with confidentiality but never promising to ‘keep a secret’.
- Notify the DSL or DDSL of any child on a child protection plan or child in need plan who has unexplained absence.
- Have an understanding of Early Help and be prepared to identify and support children who may benefit from early help.
- Liaise with other agencies that support pupils and provide early help.
- Ensure they know who the DSL and DDSL are and know how to contact them.
- Have an awareness of the Child Protection Policy, the Behaviour Policy, the Staff Behaviour Policy (or Code of Conduct), procedures relating to the safeguarding response for children who go missing from education and the role of the DSL
- Have an awareness of Mental Health problems and how in some cases an indicator of the child being at risk of harm.

2) Leadership Team responsibilities:

- Contribute to inter-agency working in line with Working Together to Safeguard Children 2019 guidance.
- Provide a co-ordinated offer of early help when additional needs of children are identified.
- Ensure staff are alert to the various factors that can increase the need for early help as written in KCSIE 2020.
- Working with Children’s Social Care, supporting their assessment and planning processes including the school’s attendance at conference and core group meetings and the contribution of written reports for these meetings.
- Carry out tasks delegated by the governing body such as training of staff, safer recruitment and maintaining a single central register.
- Provide support and advice on all matters pertaining to safeguarding and child protection to all staff, regardless of their position within the school.
- Treat any information shared by staff or pupils with respect and follow agreed policies and procedures.
- Ensure that allegations or concerns against staff are dealt with in accordance with guidance from Department for Education (DfE) and the OSCB procedures.

3) Governing body responsibilities

- Ensure the school has effective safeguarding policies and procedures including a Child Protection Policy, a Staff Behaviour Policy or Code of Conduct, a Behaviour Policy and a written response to children who go missing from education.
- Ensure OSCB is informed in line with local requirements about the discharge of duties via the annual safeguarding report that is returned to the Education Safeguarding Advisory Team.
- Ensure recruitment, selection and induction follows safer recruitment practice including all appropriate checks.
- Ensure allegations against staff are dealt with by the headteacher and that allegations against the headteacher are dealt with by the Chair of Governors.
- Ensure a member of the Leadership Team is appointed as Designated Safeguarding Lead and has this recorded in their job description.
- Ensure staff have been trained appropriately and this is updated in line with guidance.
- Ensure any safeguarding deficiencies or weaknesses are remedied without delay.
- Ensure a nominated governor for safeguarding is identified.
- Ensure that children are taught about safeguarding, including online safety.
This may include covering relevant issues for schools through Relationships Education (for all primary pupils) and Relationships and Sex Education (for all secondary pupils) and Health Education (for all pupils in state-funded schools) which will be compulsory from September 2020.

4) DSL responsibilities *(to be read in conjunction with DSL role description in KCSiE)*

In addition to the role of all staff and the senior management team, the DSL will:

- Refer cases to MASH, and the police where appropriate, in a timely manner avoiding any delay that could place the child at more risk.
- Assist the Governing Body in fulfilling its safeguarding responsibilities set out in legislation and statutory guidance.
- Attend appropriate training and demonstrate evidence of continuing professional development to carry out the role.
- Ensure every member of staff knows who the DSL and the DDSL are, have an awareness of the DSL role and know how to contact them.
- Ensure all staff and volunteers understand their responsibilities in being alert to the signs of abuse and responsibility for referring any concerns about a child to the DSL and concerns about an adult to the headteacher.
- Ensure whole school training occurs regularly, with at least annual updates so that staff and volunteers can fulfil their responsibilities knowledgeably.
- Ensure any members of staff joining the school outside the agreed training schedule receive induction prior to commencement of their duties.
- Keep records of child protection concerns securely and separately from the main pupil file and use these records to assess the likelihood of risk.
- Ensure that safeguarding records are transferred accordingly (separate from pupil files) and in a timely fashion when a child transfers school.
- Ensure that, where a pupil transfers school and is subject to a child protection plan or is a child we care for, their information is passed to the new school immediately and that the child's social worker is informed. Consideration should be given to convening a transition meeting prior to moving, if the case is complex or on-going.
- Be aware of the training opportunities and information provided by OSCB to ensure staff are aware of the latest local guidance on safeguarding.
- Develop, implement and review procedures in the school that enable the identification and reporting of all cases, or suspected cases, of abuse.
- Meet any other expectations set out for DSLs in KCSiE 2020
- Help promote educational outcomes by sharing the information about the welfare, safeguarding and child protection issues that children, including children with a social worker, are experiencing, or have experienced, with teachers and school and college leadership staff.

- Work alongside and liaise with the Three Safeguarding Partners in line with Working together to Safeguard Children and NPCC. [When to call the police guidance](#)

ANNEX 2

Dealing with disclosures

All staff should ensure:

A member of staff who is approached by a child should listen positively and try to reassure them. They cannot promise complete confidentiality and should explain that they may need to pass information to other professionals, to help keep the child or other children safe. The degree of confidentiality should always be governed by the need to protect the child.

Additional consideration needs to be given to children with communication difficulties and for those whose preferred language is not English. It is important to communicate with them in a way that is appropriate to their age, understanding and preference.

All staff should know who the DSL is and who to approach if the DSL is unavailable. Ultimately, all staff have the right to make a referral to the police or social care directly and should do this if, for whatever reason, there are difficulties following the agreed protocol, e.g. they are the only adult on the school premises at the time and have concerns about sending a child home.

Guiding principles: the seven R's:

Receive

- Listen to what is being said, without displaying shock or disbelief
- Accept what is said and take it seriously
- Make a note of what has been said as soon as practicable

Reassure

- Reassure the pupil, but only so far as is honest and reliable
- Don't make promises you may not be able to keep e.g. 'I'll stay with you' or 'Everything will be alright now' or 'I'll keep this confidential'
- Do reassure e.g. you could say: 'I believe you', 'I am glad you came to me', 'I am sorry this has happened', 'We are going to do something together to get help'

Respond

- Respond to the pupil only as far as is necessary for you to establish whether or not you need to refer this matter, but do not interrogate for full details
- Do not ask 'leading' questions i.e. 'did he touch your private parts?' or 'did she hurt you?' Such questions may invalidate your evidence (and the child's) in any later prosecution in court
- Do not ask the child why something has happened.
- Do not criticise the alleged perpetrator; the pupil may care about him/her, and reconciliation may be possible
- Do not ask the pupil to repeat it all for another member of staff. Explain what you have to do next and whom you have to talk to. Reassure the pupil that it will be a senior member of staff

Report

- Share concerns with the DSL as soon as possible, in writing or by email
- If you are not able to contact your DSL or the Deputy, and the child is at risk of immediate harm, contact the children's services department directly

Record

- If possible, make some very brief notes at the time, and record them as soon as possible, by hand or electronically
- Keep your original notes on file
- Record the date, time, place, persons present and noticeable nonverbal behaviour, and the words used by the child. If the child uses sexual 'pet' words, record the actual words used, rather than translating them into 'proper' words
- Complete a body map to indicate the position of any noticeable bruising
- Record facts and observable things, rather than your 'interpretations' or 'assumptions'

Remember

- Support the child: listen, reassure, and be available
- Complete confidentiality is essential. Share your knowledge only with appropriate professional colleagues
- Try to get some support for yourself if you need it

Review processes (led by DSL)

- Has the action taken provided good outcomes for the child?
- Did the procedure work?
- Were any deficiencies or weaknesses identified in the procedure? Have these been remedied?
- Is further training required?

ANNEX 3

Abuse and Neglect

Knowing what to look for is vital to the early identification of abuse and neglect. **All** staff should be aware of indicators of abuse and neglect so that they are able to identify cases of children who may be in need of help or protection. If staff are unsure, they should **always** speak to the designated safeguarding lead (or deputy).

All school and college staff should be aware that abuse, neglect and safeguarding issues are rarely stand-alone events that can be covered by one definition or label. In most cases, multiple issues will overlap with one another.

Definitions and Indicators of abuse and neglect

Abuse: a form of maltreatment of a child. Somebody may abuse or neglect a child by inflicting harm or by failing to act to prevent harm. Children may be abused in a family or in an institutional or community setting by those known to them or, more rarely, by others. Abuse can take place wholly online, or technology may be used to facilitate offline abuse. Children may be abused by an adult or adults or by another child or children.

Physical abuse: a form of abuse which may involve hitting, shaking, throwing, poisoning, burning or scalding, drowning, suffocating or otherwise causing physical harm to a child. Physical harm may also be caused when a parent or carer fabricates the symptoms of, or deliberately induces, illness in a child.

Indicators of physical abuse / factors that should increase concern

- Multiple bruising or bruises and scratches (especially on the head and face)
- Clusters of bruises – e.g., fingertip bruising (caused by being grasped)
- Bruises around the neck and behind the ears – the most common abusive injuries are to the head
- Bruises on the back, chest, buttocks, or on the inside of the thighs
- Marks indicating injury by an instrument – e.g., linear bruising (stick), parallel bruising (belt), marks of a buckle
- Bite marks
- Deliberate burning may also be indicated by the pattern of an instrument or object – e.g., electric fire, cooker, cigarette
- Scalds with upward splash marks or *tide marks*
- Untreated injuries
- Recurrent injuries or burns
- Bald patches.

In the social context of the school, it is normal to ask about a noticeable injury. The response to such an enquiry is generally light-hearted and detailed. So, most of all, concern should be increased when:

- the explanation given does not match the injury
- the explanation uses words or phrases that do not match the vocabulary of the child (adult words)
- no explanation is forthcoming
- the child (or the parent/carer) is secretive or evasive
- the injury is accompanied by allegations of abuse or assault

You should be concerned if the child or young person:

- is reluctant to have parents/carers contacted
- runs away or shows fear of going home
- is aggressive towards themselves or others
- flinches when approached or touched
- is reluctant to undress to change clothing for sport
- wears long sleeves during hot weather
- is unnaturally compliant in the presence of parents/carers
- has a fear of medical help or attention

- admits to a punishment that appears excessive.

Link to OSCB guidance on physical abuse <https://www.oscb.org.uk/safeguarding-themes/physical-abuse/>

Emotional abuse: the persistent emotional maltreatment of a child such as to cause severe and adverse effects on the child's emotional development. It may involve conveying to a child that they are worthless or unloved, inadequate, or valued only insofar as they meet the needs of another person. It may include not giving the child opportunities to express their views, deliberately silencing them or 'making fun' of what they say or how they communicate. It may feature age or developmentally inappropriate expectations being imposed on children. These may include interactions that are beyond a child's developmental capability as well as overprotection and limitation of exploration and learning or preventing the child from participating in normal social interaction. It may involve seeing or hearing the ill-treatment of another. It may involve serious bullying (including cyberbullying), causing children frequently to feel frightened or in danger, or the exploitation or corruption of children. Some level of emotional abuse is involved in all types of maltreatment of a child, although it may occur alone.

Indicators of emotional abuse

Developmental issues

- Delays in physical, mental and emotional development
- Poor school performance
- Speech disorders, particularly sudden disorders or changes

Behaviour

- Acceptance of punishment which appears excessive
- Over-reaction to mistakes
- Continual self-deprecation (I'm stupid, ugly, worthless etc)
- Neurotic behaviour (such as rocking, hair-twisting, thumb-sucking)
- Self-mutilation
- Suicide attempts
- Drug/solvent abuse
- Running away
- Compulsive stealing, scavenging
- Acting out
- Poor trust in significant adults
- Regressive behaviour – e.g., wetting
- Eating disorders
- Destructive tendencies
- Neurotic behaviour
- Arriving early at school, leaving late

Social issues

- Withdrawal from physical contact
- Withdrawal from social interaction
- Over-compliant behaviour
- Insecure, clinging behaviour
- Poor social relationships

Emotional responses

- Extreme fear of new situations
- Inappropriate emotional responses to painful situations ("I deserve this")
- Fear of parents being contacted
- Self-disgust
- Low self-esteem
- Unusually fearful with adults
- Lack of concentration, restlessness, aimlessness

- Extremes of passivity or aggression

Most harm is produced in *low warmth, high criticism* homes, not from single incidents.

Emotional abuse is difficult to define, identify/recognise and/or prove.

Emotional abuse is chronic and cumulative and has a long-term impact.

It is sometimes possible to spot emotionally abusive behavior from parents and car/ers to their children, by the way that the adults are speaking to, or behaving towards children. An appropriate challenge or intervention could affect positive change and prevent more intensive work being carried out later on.

Link to OSCB guidance on emotional abuse <https://www.oscb.org.uk/safeguarding-themes/emotional-abuse/>

Link to OSCB guidance on Domestic Abuse <https://www.oscb.org.uk/safeguarding-themes/domestic-abuse/>

Sexual abuse: involves forcing or enticing a child or young person to take part in sexual activities, not necessarily involving a high level of violence, whether or not the child is aware of what is happening. The activities may involve physical contact, including assault by penetration (for example rape or oral sex) or non-penetrative acts such as masturbation, kissing, rubbing and touching outside of clothing. They may also include non-contact activities, such as involving children in looking at, or in the production of, sexual images, watching sexual activities, encouraging children to behave in sexually inappropriate ways, or grooming a child in preparation for abuse. Sexual abuse can take place online, and technology can be used to facilitate offline abuse. Sexual abuse is not solely perpetrated by adult males. Women can also commit acts of sexual abuse, as can other children. The sexual abuse of children by other children is a specific safeguarding issue in education see ANNEX 4.

Characteristics of child sexual abuse:

- it is often planned and systematic – people do not sexually abuse children by accident, though sexual abuse can be opportunistic
- grooming the child – people who abuse children take care to choose a vulnerable child and often spend time making them dependent
- grooming the child's environment – abusers try to ensure that potential adult protectors (parents and other carers especially) are not suspicious of their motives.

Most people who sexually abuse children are men, but some women sexually abuse too.

Indicators of sexual abuse

Physical observations

- Damage to genitalia, anus or mouth
- Sexually transmitted diseases
- Unexpected pregnancy, especially in very young girls
- Soreness in genital area, anus or mouth and other medical problems such as chronic itching
- Unexplained recurrent urinary tract infections and discharges or abdominal pain

Behavioural observations

- Sexual knowledge inappropriate for age
- Sexualised behaviour or affection inappropriate for age
- Sexually provocative behaviour/promiscuity
- Hinting at sexual activity. Inexplicable decline in school performance
- Depression or other sudden apparent changes in personality as becoming insecure or clinging
- Lack of concentration, restlessness, aimlessness
- Socially isolated or withdrawn
- Overly compliant behaviour
- Acting out, aggressive behaviour
- Poor trust or fear concerning significant adults
- Regressive behaviour,
- Onset of wetting, by day or night; nightmares

- Onset of insecure, clinging behaviour
- Arriving early at school, leaving late, running away from home
- Suicide attempts, self-mutilation, self-disgust
- Suddenly drawing sexually explicit pictures
- Eating disorders or sudden loss of appetite or compulsive eating
- Regressing to younger behaviour patterns such as thumb sucking or bringing out discarded cuddly toys
- Become worried about clothing being removed

Link to OSCB guidance on sexual abuse <https://www.oscb.org.uk/safeguarding-themes/sexual-abuse/>

Neglect: the persistent failure to meet a child's basic physical and/or psychological needs, likely to result in the serious impairment of the child's health or development. Neglect may occur during pregnancy, for example, as a result of maternal substance abuse. Once a child is born, neglect may involve a parent or carer failing to: provide adequate food, clothing and shelter (including exclusion from home or abandonment); protect a child from physical and emotional harm or danger; ensure adequate supervision (including the use of inadequate care-givers); or ensure access to appropriate medical care or treatment. It may also include neglect of, or unresponsiveness to, a child's basic emotional needs.

NSPCC research has highlighted the following examples of the neglect of children under 12:

- frequently going hungry
- frequently having to go to school in dirty clothes
- regularly having to look after themselves because of parents being away or having problems such as drug or alcohol misuse
- being abandoned or deserted
- living at home in dangerous physical conditions
- not being taken to the doctor when ill
- not receiving dental care.

Neglect is a difficult form of abuse to recognise and is often seen as less serious than other categories. It is, however, very damaging: children who are neglected often develop more slowly than others and may find it hard to make friends and fit in with their peer group.

Neglect is often noticed at a stage when it does not pose a risk to the child. The duty to safeguard and promote the welfare of children (*What to do if You're Worried a Child is Being Abused* DfE 2015) would suggest that an appropriate intervention or conversation at this early stage can address the issue and prevent a child continuing to suffer until it reaches a point when they are at risk of harm or in significant need.

Link to the OSCBB guidance on Neglect : <http://www.oscb.org.uk/safeguarding-themes/neglect/>

The OSCB have also created a neglect toolkit: <https://www.oscb.org.uk/wp-content/uploads/2019/07/Child-care-and-development-checklist-neglect-toolkit-2019-update.docx>

Neglect is often linked to other forms of abuse, so any concerns school staff have should at least be discussed with the DSL.

Indicators of neglect

The following is a summary of some of the indicators that may suggest a child is being abused or is at risk of harm. It is important to recognise that indicators alone cannot confirm whether a child is being abused. Each child should be seen in the context of their family and wider community and a proper assessment carried out by appropriate persons. What is important to keep in mind is that if you feel unsure or concerned, do something about it. Don't keep it to yourself. The OSCB neglect toolkit provides a more detailed list of indicators of neglect and is available to all staff.

Physical indicators of neglect

- Constant hunger and stealing food
- Poor personal hygiene - unkempt, dirty or smelly
- Underweight

- Dress unsuitable for weather
- Poor state of clothing
- Illness or injury untreated

Behavioural indicators of neglect

- Constant tiredness
- Frequent absence from school or lateness
- Missing medical appointments
- Isolated among peers
- Frequently unsupervised
- Stealing or scavenging, especially food

ANNEX 4

Peer on peer abuse

All staff should be aware that children can abuse other children (often referred to as peer on peer abuse). This is most likely to include, but may not be limited to:

- bullying (including cyberbullying);
- physical abuse such as hitting, kicking, shaking, biting, hair pulling, or otherwise
- causing physical harm;
- sexual violence, such as rape, assault by penetration and sexual assault
- sexual harassment, such as sexual comments, remarks, jokes and online sexual harassment, which may be stand-alone or part of a broader pattern of abuse;
- up skirting, which typically involves taking a picture under a person's clothing without them knowing, with the intention of viewing their genitals or buttocks to obtain sexual gratification, or cause the victim humiliation, distress or alarm;
- sexting (also known as youth produced sexual imagery); and
- initiation/hazing type violence and rituals.

All staff should be clear as to the school's or college's policy and procedures with regards to peer on peer abuse. Our school uses the OCC Peer on Peer guidance.

Sexual violence and sexual harassment between children

Our school follows the DFE policy on sexual violence and sexual harassment between children in schools and colleges. <https://www.gov.uk/government/publications/sexual-violence-and-sexual-harassment-between-children-in-schools-and-colleges>

Sexual violence and sexual harassment can occur between two children of any age and sex. It can also occur through a group of children sexually assaulting or sexually harassing a single child or group of children.

Children who are victims of sexual violence and sexual harassment will likely find the experience stressful and distressing. This will, in all likelihood, adversely affect their educational attainment as well as their emotional well-being. Sexual violence and sexual harassment exist on a continuum and may overlap; they can occur online and offline (both physically and verbally) and are never acceptable. It is important that all victims are taken seriously and offered appropriate support.

Reports of sexual violence and sexual harassment are extremely complex to manage. It is essential that victims are protected, offered appropriate support and every effort is made to ensure their education is not disrupted. It is also important that other children, adult students and school and college staff are supported and protected as appropriate.

Our school also uses the Brooks sexual behaviours traffic light tool. https://www.brook.org.uk/our-work/category/sexual-behaviours-traffic-light-tool?gclid=EAlalQobChMIkLDmLGy5AIVDLTtChI0vwo5EAAYASAAEgImM_D_BwE

“The tool uses a traffic light system to categorise the sexual behaviours of young people and is designed to help professionals:

- Make decisions about safeguarding children and young people
- Assess and respond appropriately to sexual behaviour in children and young people
- Understand healthy sexual development and distinguish it from harmful behaviour”

ANNEX 5

Online Safety

- It is recognised by Gillotts School that the use of technology presents challenges and risks to children and adults both inside and outside of school.
- The DSL has overall responsibility for online safeguarding within the school.
- Gillotts School identifies that the issues can be broadly categorised into three areas of risk:
 - **content:** being exposed to illegal, inappropriate or harmful material
 - **contact:** being subjected to harmful online interaction with other users
 - **conduct:** personal online behaviour that increases the likelihood of, or causes, harm.
- The DSL and leadership team have read annex C regarding Online Safety within 'Keeping Children Safe in Education' 2020.
- Gillotts School recognises the specific risks that can be posed by mobile phones and cameras and in accordance with KCSIE 2020 and has appropriate policies in place that are shared and understood by all members of the school community. Further information about specific approaches relating to this can be found in the schools E-safety Policy and Acceptable Use Policy which can be found in the School Policies folder on Google Drive and linked from the Freedom Home Page.
- As schools and colleges increasingly work online, it is essential that children are safeguarded from potentially harmful and inappropriate online material. Gillotts School will ensure that appropriate filtering and monitoring systems are in place when pupils and staff access school systems and internet provision.
- Gillotts School acknowledges that whilst filtering and monitoring is an important part of schools' online safety responsibilities, it is only one part of our approach to online safety. Pupils and adults may have access to systems external to the school control such as mobile phones and other internet enabled devices and technology and where concerns are identified appropriate action will be taken.
- Gillotts School acknowledge where children are being asked to learn online at home the department has provided advice to support schools and colleges do so safely. Please see Annex 9 (Covid-19) for guidance on Virtual Lessons.

Gillotts School will ensure a comprehensive whole school curriculum response is in place to enable all pupils to learn about and manage online risks effectively and will support parents and the wider school community (including all members of staff) to become aware and alert to the need to keep children safe online.

ANNEX 6

Safeguarding issues

All staff should have an awareness of safeguarding issues which can put children at risk of harm. Behaviours linked to issues such as drug taking, alcohol abuse, deliberately missing education and sexting (also known as youth produced sexual imagery) can put children in danger.

Mental Health

All staff should also be aware that mental health problems can, in some cases, be an indicator that a child has suffered or is at risk of suffering abuse, neglect or exploitation.

Only appropriately trained professionals should attempt to make a diagnosis of a mental health problem. Staff, however, are well placed to observe children day-to-day and identify those whose behaviour suggests that they may be experiencing a mental health problem or be at risk of developing one.

Where children have suffered abuse and neglect, or other potentially traumatic adverse childhood experiences, this can have a lasting impact throughout childhood, adolescence and into adulthood. It is key that staff are aware of how these children's experiences, can impact on their mental health, behaviour and education. If staff have a mental health concern about a child that is also a safeguarding concern, immediate action should be taken, following their child protection policy and speaking to the designated safeguarding lead or a deputy.

See page 11 in KCSIE for further guidance and links to documents.

Serious violence

All staff should be aware of indicators, which may signal that children are at risk from, or are involved with serious violent crime. These may include increased absence from school, a change in friendships or relationships with older individuals or groups, a significant decline in performance, signs of self-harm or a significant change in wellbeing, or signs of assault or unexplained injuries. Unexplained gifts or new possessions could also indicate that children have been approached by, or are involved with, individuals associated with criminal networks or gangs.

All staff should be aware of the associated risks and understand the measures in place to manage these. Advice for schools and colleges is provided in the Home Office's Preventing youth violence and gang involvement

<https://www.gov.uk/government/publications/advice-to-schools-and-colleges-on-gangs-and-youth-violence> and its

Criminal exploitation of children and vulnerable adults: county lines guidance

<https://www.gov.uk/government/publications/criminal-exploitation-of-children-and-vulnerable-adults-county-lines>

Upskirting

'Upskirting' typically involves taking a picture under a person's clothing without them knowing, with the intention of viewing their genitals or buttocks to obtain sexual gratification, or cause the victim humiliation, distress or alarm. It is now a criminal offence. Anyone of any gender can be a victim.

So-called 'honour-based' abuse (including Female Genital Mutilation and Forced Marriage)

So-called 'honour-based' Abuse (HBA) encompasses incidents or crimes which have been committed to protect or defend the honour of the family and/or the community, including female genital mutilation (FGM), forced marriage, and practices such as breast ironing. Abuse committed in the context of preserving "honour" often involves a wider network of family or community pressure and can include multiple perpetrators. It is important to be aware of this dynamic and additional risk factors when deciding what form of safeguarding action to take. All forms of HBA are abuse (regardless of the motivation) and should be handled and escalated as such. Professionals in all agencies, and individuals and groups in relevant communities, need to be alert to the possibility of a child being at risk of HBA, or already having suffered HBA.

Female Genital Mutilation

FGM comprises all procedures involving partial or total removal of the external female genitalia or other injury to the female genital organs. It is illegal in the UK and is a form of child abuse with long-lasting harmful consequences.

Whilst **all** staff should speak to the designated safeguarding lead (or deputy) with regard to any concerns about female genital mutilation (FGM), there is a specific **legal duty on teachers**. If a teacher, in the course of their work in the profession, discovers that an act of FGM appears to have been carried out on a girl under the age of 18, the teacher **must** report this to the police.

Contextual safeguarding

All staff should be aware that safeguarding incidents and/or behaviours can be associated with factors outside the school or college and/or can occur between children outside of these environments. All staff, but especially the designated safeguarding lead (and deputies) should consider whether children are at risk of abuse or exploitation in situations outside their families. Extra-familial harms take a variety of different forms and children can be vulnerable to multiple harms including (but not limited to) sexual exploitation, criminal exploitation, and serious youth violence.

Children's social care assessments should consider such factors so it is important that schools and colleges provide as much information as possible as part of the referral process. This will allow any assessment to consider all the available evidence and the full context of any abuse. Additional information regarding contextual safeguarding is available here:

<https://contextualsafeguarding.org.uk/about/what-is-contextual-safeguarding>

Link to OSCB guidance on contextual safeguarding <https://www.oscb.org.uk/safeguarding-themes/contextual-safeguarding/>

Children missing from education

All staff should be aware that children going missing, particularly repeatedly, can act as a vital warning sign of a range of safeguarding possibilities. This may include abuse and neglect, which may involve sexual abuse or exploitation and child criminal exploitation. It may indicate mental health problems, risk of substance abuse, risk of travelling to conflict zones, risk of female genital mutilation or risk of forced marriage. Early intervention is necessary to identify the existence of any underlying safeguarding risk and to help prevent the risks of a child going missing in future. Staff should be aware of their school's or college's unauthorised absence and children missing from education procedures.

Child Sexual Exploitation (CSE) and Child Criminal Exploitation (CCE)

Both CSE and CCE are forms of abuse and both occur where an individual or group takes advantage of an imbalance in power to coerce, manipulate or deceive a child into sexual or criminal activity. Whilst age may be the most obvious, this power imbalance can also be due to a range of other factors including gender, sexual identity, cognitive ability, physical strength, status, and access to economic or other resources. In some cases, the abuse will be in exchange for something the victim needs or wants and/or will be to the financial benefit or other advantage (such as increased status) of the perpetrator or facilitator. The abuse can be perpetrated by individuals or groups, males or females, and children or adults. The abuse can be a one-off occurrence or a series of incidents over time and range from opportunistic to complex organised abuse. It can involve force and/or enticement-based methods of compliance and may, or may not, be accompanied by violence or threats of violence. Victims can be exploited even when activity appears consensual and it should be noted exploitation as well as being physical can be facilitated and/or take place online.

Some of the following can be indicators of CCE:

- children who appear with unexplained gifts or new possessions;
- children who associate with other young people involved in exploitation;
- children who suffer from changes in emotional well-being;
- children who misuse drugs and alcohol;
- children who go missing for periods of time or regularly come home late; and
- children who regularly miss school or education or do not take part in education.

The above CCE indicators can also be indicators of CSE, as can:

- children who have older boyfriends or girlfriends; and
- children who suffer from sexually transmitted infections or become pregnant.

Link to OSCB guidance on CSE <https://www.oscb.org.uk/safeguarding-themes/child-exploitation-modern-slavery/> and the CSE screening tool <https://www.oscb.org.uk/wp-content/uploads/2019/07/Child-Exploitation-Screening-Tool.pdf>

Link to OSCB guidance on child criminal exploitation <https://www.oscb.org.uk/safeguarding-themes/child-exploitation-modern-slavery/child-drug-exploitation-county-lines/>

Government Guidance:

[Child sexual exploitation: guide for practitioners](#)

County Lines

County lines is a term used to describe gangs and organised criminal networks involved in exporting illegal drugs (primarily crack cocaine and heroin) into one or more importing areas [within the UK], using dedicated mobile phone lines or other form of “deal line”.

Exploitation is an integral part of the county lines offending model with children and vulnerable adults exploited to move [and store] drugs and money. Offenders will often use coercion, intimidation, violence (including sexual violence) and weapons to ensure compliance of victims. Children can be targeted and recruited into county lines in a number of locations including schools, further and higher educational institutions, pupil referral units, special educational needs schools, children’s homes and care homes. Children are often recruited to move drugs and money between locations and are known to be exposed to techniques such as ‘plugging’, where drugs are concealed internally to avoid detection. Children can easily become trapped by this type of exploitation as county lines gangs create drug debts and can threaten serious violence and kidnap towards victims (and their families) if they attempt to leave the county lines network. One of the ways of identifying potential involvement in county lines are missing episodes (both from home and school), when the victim may have been trafficked for the purpose of transporting drugs and a referral to the National Referral Mechanism I03 should be considered. If a child is suspected to be at risk of or involved in county lines, a safeguarding referral should be considered alongside consideration of availability of local services/third sector providers who offer support to victims of county lines exploitation.

Domestic Abuse

The cross-government definition of domestic violence and abuse is any incident or pattern of incidents of controlling, coercive, threatening behaviour, violence or abuse between those aged 16 or over who are, or have been, intimate partners or family members regardless of gender or sexuality. The abuse can encompass but is not limited to psychological; physical; sexual; financial; and emotional.

All children can witness and be adversely affected by domestic abuse in the context of their home life where domestic abuse occurs between family members. Exposure to domestic abuse and/or violence can have a serious, long lasting emotional and psychological impact on children. In some cases, a child may blame themselves for the abuse or may have had to leave the family home as a result.

Further information around safeguarding issues can be found in KCSIE 2020 ANNEX A and on the OSCB website.

ANNEX 7

Staff Induction, Awareness and Training

- All members of staff have been provided with a copy of Part One of “*Keeping Children Safe in Education*” (2020) which covers safeguarding information for all staff. School leaders will read the entire document. School leaders and all members of staff who work directly with children will access Annex A within *Keeping Children Safe in Education 2020*. Members of staff have signed (through a Google form) to confirm that they have read and understood Part One and Annex A.
- The DSL will ensure that all new staff and volunteers (including temporary staff) are aware of the school’s internal safeguarding processes.
- All staff members (including temporary staff) will receive training to ensure they are aware of a range of safeguarding issues.
- All staff members (including temporary staff) will receive regular safeguarding and child protection updates, at least annually.
- All staff members (including temporary staff) will be made aware of the school’s expectations regarding safe and professional practice via the staff behaviour policy (or code of conduct) and Acceptable Use Policy.
- The DSL and Head Teacher will provide an annual report to the Governing Body detailing safeguarding training undertaken by all staff and will maintain up to date register of who has been trained.
- Although the school has a nominated lead for the governing body, Karen Edwards,, all members of the governing body will access appropriate safeguarding training which covers their specific strategic responsibilities on a regular basis.
