## **Vision for the medium term**

Gillotts School is proud of its successes and proud of its identity. We believe in achievement for all and want to secure the best outcomes for all our learners, without exception. We want to continue to raise students' expectations of themselves and develop them as independent learners, ready for the challenges ahead.

We will build on our success as a highly inclusive and integrated community by enhancing the opportunities for interaction and engagement with the school beyond the planned curriculum, encompassing students' social time within the school day and enhancing opportunities for the use of the school site by the community.

Teaching and learning are at the heart of this school. We see Assessment for Learning as the single most powerful lever for improved teaching and learning, and hence improved attainment and progress. We continue to develop an increasingly personalised approach to CPD recognising that teachers, as professionals, are the best placed to drive their own development.

We will build on our outstanding curriculum, underpinned by a deep understanding of student progress and a commitment to developing the wider skills valued by higher education and employers. Our curriculum will give learners the knowledge and cultural capital they need to succeed in life, whatever their starting point. Knowledge underpins and enables the application of skills – we see knowledge and skills as intertwined.

Seamless, embedded access to ICT supports interaction, collaboration and feedback. We will break down the artificial boundary of the limits of the school day to support the integration of students' learning in school, at home and on the move. A comprehensive and flexible ICT solution is an essential means to this end. Every student has access to a handheld device to motivate and support learning. We will support students to be confident and reflective users of technology, in preparation for their adult lives.

Our motto, "Not by ourselves alone", will continue to underpin an ethos centred on the core values of kindness, respect and living without harm. We know that students will only thrive in their learning when their basic needs are met and we will continue to work towards this goal, through our extended team which offers outstanding pastoral care and by maintaining and developing our partnerships with external agencies who can provide specialist care and support. We will continue to develop the support we offer to parents to enable them in turn to support us as they work alongside their children.

We have an inspirational site – 33 acres with extensive woodland, on the site of the local manor house, parts of which (including two associated cottages) remain. The school is set on the fringes of the town with extensive views across the Thames valley. We want to use the stunning environment to help excite and inspire students and staff to move the school's performance to the next level, making it an outstanding place to study and work with results securely in the top 10% of schools nationally.

Redeveloping the school environment will enable us to achieve all this by allowing us to maximise the potential of the site. It will support us to meet the challenges we face by ensuring we have buildings that are fit for purpose and so allow us to focus on our core priority of continuously improving outcomes for all our young people.
