

Year 9 – IT Systems and Homework

Dear Year 9 Parents/ Guardians,

We are very pleased with the start that Year 9 have made to the new school year.

I am writing to provide you with information about two key elements which support the learning process: our IT systems and homework.

I. IT Systems

BYOD

As you will know from the information you received from us before your child joined the school, we require all students to bring a mobile device into school to support teaching and learning. These bring significant additional opportunities because students can make use of their device to connect to the internet as and when they need to:

- Online quizzes for immediate feedback on learning
- Accessing shared lesson and homework resources in Google Classroom
- Photographing/videoing practical work
- Research
- Accessing specific learning resources, e.g. Maths Watch and Vocab Express
- Accessing GCSE past papers and mark schemes

It is therefore essential that your child has a fully charged mobile device in school every day and has access to a fixed computer or mobile device at home.

Our BYOD Code of Conduct (attached) requires students to use the wifi when in school. This is a filtered system and students can only access age appropriate websites when connected to it. If your child is still having problems getting connected, they can contact our IT Services for support by following the instructions on the IT summary document which is also attached to this email. This summary also outlines the key Google applications which our students use and provides links to introductory videos on each of these.

Google Classroom

Google Classroom is a very important application which allows teachers to set work and share resources with the students in their class. It also allows students to complete the work online and submit it to their teachers for marking and feedback.

As all homework will be set on Google Classroom, it is essential that your child understands how to use it. If they are unsure, please watch through the instruction video with them. If they still need help, they should discuss this with their form tutor.

2. Homework

We believe that homework is a very important part of the learning process. This is, in part, to support the teaching and learning which takes place in school. It also helps our students develop the independent learning skills that will support them in their post-16 studies and adult life.

Homework is set according to a homework timetable and is, as mentioned above, set on Google Classroom.

The homework itself, including the deadline for completion, and any resources required to complete it will be posted by your child's teacher on Google Classroom. The students will receive a notification of this in their email inbox and will also be able to see it in the class folders in Google Classroom. It is important that your child follows the instructions given by their teacher.

It is an absolute requirement that homework is completed and submitted on the deadline set. The expectation is that students spend around 1 ½ hours per night on homework in Year 9.

The table below shows the number of times homework should be set in each subject per fortnight and the approximate time it should take:

Subject	Frequency	Time (Approximate)
English	Weekly	1 hour per week
Maths	2 x Weekly	1 hour per week
Science	Weekly	1 hour per week
Art	Fortnightly	45 mins per fortnight
Carousel (Computing, Design Technology Drama, Food)	Weekly	45 mins per week each
French	Weekly	1 hour per week
Humanities (Geography, History, RS)	Fortnightly	45 mins per fortnight
Music	Fortnightly	45 mins per fortnight

The school homework timetable can be found on our school website by clicking on the link below:

<https://gillotts.org.uk/teaching-and-learning/curriculum/overview>

Your child should know which class they are in for each subject as this is recorded on the front of their exercise books. If they are still unsure, please contact your child's tutor who will be able to help.

We have also updated the Year 9 Curriculum Guide that can be downloaded from the school website by following the link below:

<https://gillotts.org.uk/teaching-and-learning/curriculum/years7-9/>

This document provides details of the topics that your child will be studying in each subject over the coming year and what you can do as a parent to support your child.

In the meantime, if you have any concerns about any of these issues, please contact your child's form tutor.

Yours faithfully,

A handwritten signature in dark ink, reading "E. J. Newbold". The signature is written in a cursive, slightly slanted style.

Dr Newbold
Deputy Head
